GENESIS

The Pravara Rural Education Society established in July, 1964 had twin objectives of providing high class education system comparable to the best in any urban area and to give a fillip to the empowerment of women through need based education. Under the vigilant eyes of Padmashri Dr. Vithalrao Vikhe Patil the Pravara Rural Education Society started its rapid growth and began to play a key role to meet the diversified educational needs of people of Maharashtra in general and Pravaranagar in particular. While Pravara Public School and Pravara Kanya Vidya Mandir were getting on their feet, Padmashri set about the task of starting Marathi Medium Schools and covered all the forty villages in and around Pravaranagar. His intuitive vision led him to the firm conviction that if quality education is provided to rural youth, they will play a dominant role in building the Nation. Further, he believed that education of a woman means the education of the whole family.

The vision of Honorable Padmashri Dr. Vithalrao Vikhe Patil was carried forward by his son, Late. Padmabhushan Balasaheb Vikhe Patil, who took Pravara Rural Education Society to great heights with his vision and tremendous leadership who has started number of institutes in rural areas in the field of Pharmacy, Engineering, Technology and Medical Sciences. Presently more than 30,000 students are studying in these institutes. Out of which more than 5,000 girls students are residing in hostel with social security and atmosphere conducive for studies.
