Sub - Regarding payment to KOHA Library software AMC charges for the year April 2021 to March 2022

Ref - IPL-QTN-2020-21-02522

Respected Sir,

With reference to the above mentioned subject, all the technical institutes under Pravara Rural Education Society are using the KOHA Library software in their institute from the year March 2015. As per our purchase order, they charge Rs 0.80/- paisa per book record, with GST 18% (as per New Rules)instead of service tax 12.36% (Old Rules)per year as AMC charges.

Therefore for the current year from April 2021 to March 2022, we have to pay Rs .146,261/- to them. I have divided the amount as per the each institute's book record.

I am attaching all necessary documents such as KOHA Library Software AMC Bill, Bifurcation of amount according to institute, Purchase Order for further Bill process.

- Onsite training cost is INR 15,000+ Taxes/Day. Informatics Publishing recommends minimum 2 days of training for Koha.
- Annual Maintenance Contract (AMC) is initially for one year. AMC can be extended for further years at renewal prices in those years. One year support includes unlimited online communication through email support.
- To report a new technical problem / issue, the Institution should register the same through email at support@informaticsglobal.com. Informatics will respond to any technical issue within 24 hours of email request on business days.
- After issue has been documented over email, the customer may contact Informatics support team at following phone number (+91 8040387777 (Ext 3015)). We will provide support and strive to resolve technical issue at the earliest. Time span may vary depending upon the complexity of technical issue.
- Informatics support timing is from Monday to Friday: 9:00 AM to 6:00 PM on all Company working days. An e-mail registering a new complaint received after 5:30 PM shall be taken up for resolution on the next working day. (Holidays as per Informatics Publishing Ltd.policy)
- Any complaint resolution with respect to institution's computer hardware, network, Internet, server optimization etc. will be institution's responsibility.
- In case of local server Koha installation, Informatics Publishing will provide the institution with link to download fresh backup on daily basis. It would be institution's responsibility to manage updated backup thereafter.
- In case of Koha installation on Informatics cloud server, Informatics will manage and keep updated backup.
- Community version of the software will be provided. But if the institution requires any customization / configuration which amounts to new development, it will be confirmed and created only after evaluation and will be charged for extra, as per company policy.
- We recommend utilizing Linux OS as recommended by Koha community. "Debian 8/9 or Ubuntu 16.04"
- During the tenure of AMC, Koha software will be upgraded to next available stable version.
- Customizations other than for OPAC will attract extra charge as per company policy.
- Customizations created by Informatics Koha team, for previous version and the ones needed to enable already active functionalities will be carried forward at no additional cost in the upgraded version.
- In case of up-gradation of Koha, Informatics will migrate existing database of Koha to next stable version at no additional cost during the period of AMC.
- Other language data migration will be possible only in case of UTF8 font. Otherwise the institution will have to create and provide it.
- Charge of AMC is subject to increase in consecutive years.
- Logos and images to be utilized in OPAC and elsewhere will have to be provided by institution.
- In case of Informatics cloud server deployment of Koha, customer needs to utilize same number of branches as deployed by Informatics.
- In case more branches need to be added, customer needs to inform Informatics about the same to make proper changes on koha setup, server configuration and to provide proposal for additional cost for upgraded server capacity provisioning. In case institution wants to add branches to Koha setup on their own, then they need to seek approval from Informatics and additional cost will be applicable since higher server configuration will have to be provisioned.

Subject: National Digital Library : Request for Institute Registration

From: aicte.admin@aicte-india.org

To: pravaracopc@yahoo.co.in

Date: Wednesday 19 April 2017, 5:56:47 PM IST

Dear Sir/Madam,

National Digital Library of India (NDL) is an initiative of Ministry of Human Resource Development (MHRD) through its National Mission on Education through Information and Communication Technology (NMEICT) to develop the pilot of a National Digital Library.

It is being developed and hosted at IIT Kharagpur. MHRD is scaling up NDL gradually with respect to content volume and diversity to make it a full-blown National Digital Library of India over time which will be a ubiquitous digital knowledge source of the nation. NDL currently hosts more than 65 lakh contents and has a user base of over 5 lakh users.

NDL is also available as an Android App and you may download the App from Google Play Store.

To take advantage of this Library and to be an active participant in this exercise of building a national asset, you are requested to register your Institute on NDL site at <https://ndl.iitkgp.ac.in>

Regards,
AICTE
