<b>Title of the event</b>	Seminar on "Bridging the Industry-Academia Gap and Knowledge Management"
<b>Date</b>	30/06/2018
<b>Name of the Expert</b>	Mr. Ashutosh Naik, Principal Engineer-Projects, NPCC Engineering Pvt. Ltd, Mumbai.
<b>Objective :</b>	Sensitize students about skills required in industry to enhance employability skills
<b>Venue:</b>	Seminar Hall, SVIT
<b>No. of Participant:</b>	49

Mr. Ashutosh Naik focused on need for bridging industry-academia gap. Academia-Industry collaboration is an interactive and collaborative arrangement or setup between academic institutions (schools, colleges etc.) and business entities to achieve certain mutually inclusive goals and objectives. When both these entities work in isolation then it reflects a gap. There is always a need for collaboration of non-formal education in the formal education structure to increase the youth potential in getting the jobs. Apart from only focusing on the curriculum structure, it is also imperative to provide the right exposure and training to the faculty.

<b>Title:</b>	Seminar on "Entrepreneurship in Pharmacy Practice and Education"
<b>Speaker:</b>	Mr. Sharad Dubey, Manager, Nobel Hygiene Pvt. Ltd., Nashik
<b>Objective:</b>	To review literature pertaining to entrepreneurship in pharmacy practice, education, and the knowledge, skills, and attitudes (KSAs) identified for pharmacist entrepreneurs.
<b>Venue:</b>	Class room, Ground Floor at COPC
<b>Date:</b>	27/10/2018
<b>No. of Students Present:</b>	60

PRES's, College of Pharmacy (For Women), Chincholi, Nashik organized seminar on "Entrepreneurship in Pharmacy Practice and Education" on 27/10/2018 for students. Dr. S. A. Nirmal, Principal, welcomed Mr. Sharad Dubey. He has highlighted about the innovation and creativity for developing new opportunities for pharmacists. In his session, he suggested that, "In order to improve instructional design and assessment for pharmacy entrepreneurship education, a core set of KSAs for a pharmacist entrepreneur construct must be identified. The most commonly cited KSAs in related literature that are not already part of the Accreditation Council for Pharmacy Education standards include risk-taking, strategic planning, marketing, competitiveness, and social responsibility. These may serve as a starting point for enhancing pharmacy curricula to embrace pharmacist entrepreneurship." Total 60 students were present for the lecture.

Pharmaceutics department of Pravara Rural Education Society's, College of Pharmacy (For Women), Chincholi, Nashik has organized a two day's State Level Seminar on “Challenges and Opportunities in Quality By Design” on, January 12 & 13, 2019. The seminar was sponsored by Savitribai Phule Pune University (SPPU). The seminar witnessed participation about 30 professionals and 140 students from various colleges and universities. As conveyed by Dr. Charushila Bhangale, Principal, College of Pharmacy (For Women), the quintessence of the seminar was to comprehend and create awareness about rationalised, perfect approach while designing of formulation or method development that will surely lead to fruitful outcome in drug development process. The seminar was inaugurated by the esteemed Chief Guest Dr. Jaiprakash Sangshetty, Associate Professor, Department of Pharmaceutical Chemistry, Y.B. Chavan College of Pharmacy, Aurangabad, followed by his deliberation on “Application of Quality by Design in Analytical Method Development”. Dr. Gajanan Kalyankar, Associate professor, College of Pharmacy, Bardoli, Gujrat orated on “Quality by Design Approach to Stability Indicating HPLC Method Development”, Dr. Sandesh Lodha, Associate professor, College of Pharmacy, Bardoli, Gujrat delivered a talk on, “Quality by design approach for development of drug synthesis” on the first day of seminar.

On the second day of seminar, Dr. Shivanand N. Hiremath, Principal, Pravara Rural College of Pharmacy (Diploma), Loni gave lecture on “Quality by Design in formulation development”. Mr. Somesh Navat, Research Scientist, Glenmark Pharmaceuticals LTD, Nashik delivered a talk on, “Quality by Design in Generic development”, Mr. Satish Mandlik, Assistant Professor, Sinhgad College of Pharmacy, Vadgaon, Pune discussed on “Implementation of Design of Experiments in establishment of Design Space in QBD” and Mr. Amol Choudhari, Sr. Executive, Tech. Transfer, Mylan Laboratories Ltd., Aurangabad discussed about “Quality by Design: Industrial Perspective”.

Under the guidance of Prof. (Dr.) K.T.V. Reddy, Campus Director of PTEC, Nashik and Dr. Charushila J. Bhangale organized the seminar. Prof. V. A. Kashid and Dr. A.V. Baviskar coordinated the seminar.

## DEAR SIR / MADAM,

We have the honor to cordially invite you to attend and participate in Two Day's State Level Seminar on "Challenges and Opportunities in Quality By Design" sponsored by SPPU, Pune and organized by Pravara Rural Education Society's, College of Pharmacy (For Women) Chincholi, Nashik on 12<sup>th</sup> & 13<sup>th</sup> January 2019.

## ABOUT INSTITUTE

Our institute was started in the year 2006, College of Pharmacy (For Women), has achieved the status of centre for excellence for girls within a short span of time. The college is affiliated to Savitribai Phule Pune University, Pune and approved by AICTE and PCI. Empowerment of women through education has been the single-minded mission of this college. Today Savitribai Phule Pune University has become a symbol of excellence in higher education opportunity. Since the pledge of the college is to impart excellent education and training to the student, there is a perpetual attempt to attain higher levels of quality. College has placed around 480 B. Pharmacy and 38 M. Pharmacy skilled women pharmacist, catering to healthcare throughout the country. College has perished in the form of publication, research contribution in various 50 National and 26 International Journals. Totally 80 research and review articles cited 254 times since last 4 years, by other researchers which show its importance and output in pharmacy profession.

## ABOUT SEMINAR

Pharmaceutical industry has been emerging rapidly for the last decade by focusing on product Quality, Safety, and Efficacy. Quality by design (QBD) is one arm of the quality system based on building quality in the development phase and throughout a product's life cycle.

Pharmaceutical firms increased the number of product development by using scientific tools such as QBD and PAT (Process Analytical Technology). QBD improves process understanding by reducing process variation and the enabling process-control strategies. It will also discuss the multidisciplinary challenges faced by industries for implementation of QBD. This seminar will help to improve the theoretical as well practical knowledge of various aspects of QBD. As implementation of QBD and DOE is increasing in the pharma sector like in formulation development, analytical method development and validation, and in medicinal chemistry, this seminar will promote research among teaching faculties and B Pharm & M Pharma students.

## OBJECTIVES

This seminar will target the following points

1. Understand the implementation of quality by design approach in pharmaceutical industries in development of quality product
2. Application of quality by design in development of generic medicine
3. Implementation of Design of Experiments (DOE) in establishment of Design space in Quality by Design (QbD).
4. Use of QBD approach in rapid and systematic analytical method optimization.
5. Implementation of QBD in synthesis of medicinal drug, pharmaceutical and biopharmaceutical processes.

## PARTICIPANTS / ELIGIBILITY

The course is mainly for teachers of AICTE Approved Degree/ Diploma in Pharmacy Institutions, B. Pharm, M Pharm & Ph.D. research scholars, Teachers from any other disciplines, persons from Industry and Govt. departments who are keen to update their knowledge in the area and want to learn current practices are invited.

## **Report on WORKSHOP ENTREPRENEURSHIP DEVELOPMENT 2018-19**

University of Pune sanctioned a grant for year 2018-19 under Workshop on Entrepreneurship Development to our college total 04 expert lectures on various topics were organized on various subjects for the girls of B. Pharmacy. Arrangement for the lectures was made in the seminar hall. Total 120 students benefited with this **Workshop on Entrepreneurship Development**. Students of backward class also benefited with the scheme.

**Workshop on Entrepreneurship Development** really help the students by improving their knowledge of **Entrepreneurship** with various aspects related with them. They are going to achieve their education goals through this knowledge. We really appreciate the efforts taken by the university to organize these events for colleges. The university is routinely taking such efforts for students and releasing the grants for motivating the college to conduct such activity.

We thanks to the Vice chancellor, Director Board of student's welfare and their staff members for helping us. This will also improve the awareness of the college teachers.

## DEAR SIR/ MADAM,

We have the honor to cordially invite you to attend and participate in Two Day's National Level Seminar on "Current Topics in Computer Aided Drug Design" sponsored by SPPU, Pune and organized by Pravara Rural Education Society's, College of Pharmacy (For Women) Chincholi, Nashik on 31<sup>st</sup> January 2019 & 1<sup>st</sup> February 2019.

## ABOUT INSTITUTE

Our institute was started in the year 2006, College of Pharmacy (For Women), has been achieved the status for centre of excellence for girls within a short span of time. The college is affiliated to Savitribai Phule Pune University, Pune and approved by AICTE and PCI. Empowerment of women through education has been the single-minded mission of this college. Today Savitribai Phule Pune University has become a symbol of excellence in higher education opportunity.

Since the pledge of the college is to impart excellent education and training to the student, there is a perpetual attempt to attain higher levels of quality. College has placed around 480 B. Pharmacy and 38 M. Pharmacy skilled women pharmacist, catering to healthcare throughout the country. College has perished in the form of publication, research contribution in various 50 National and 26 International Journals. Totally 80 research and review articles cited 254 times since last 4 years, by other researchers which show its importance and output in pharmacy profession.

## ABOUT SEMINAR

Drug design, often referred to as rational drug design or simply rational design, is the inventive process of finding new medication based on the knowledge of a biological target. The drug is most commonly an organic small molecule that activates or inhibits the function of biomolecule such as protein.

In the most basic sense, drug design involves the design of molecules that are complementary in shape and charge to the biomolecular target which interact and bind to it.

The typical role of CADD in drug discovery is to screen out large compound libraries into smaller clusters of predicted active compounds, enabling optimization of lead compounds by improving the biological properties (like affinity and ADMET) and building chemotypes from a nucleating site by combining fragments with optimized function.

## RESOURCE PERSONS

**Report on**  
**SKILL DEVELOPMENT PROGRAM 2018-19**

Savitribai Phule Pune University sanctioned a grant for year 2018-19 under **SKILL DEVELOPMENT PROGRAM** to our college total 02 expert lectures & training program on various topics were organized on Skill development for the girls of B. Pharmacy. Arrangement for the lectures was made in the Seminar hall. Total 110 girls' students benefited with this workshop on **Skill Development Program**.

The workshop really helps the students by improving their personality with various aspects related how communicate. They were guided related various tips, skills and body language through this program. We really appreciate the efforts taken by the university to organize these events for colleges. The university is routinely taking such efforts for students and releasing the grants for motivating the college to conduct such activity. We thanks to the Vice chancellor, Director Board of student's welfare and their staff members for helping us. This will also improve the teaching skills of the college teachers.

**Dear Sir/ Madam,**

We have the honor to cordially invite you to attend and participate in One day State Level Seminar on “Pharmacogenomics: Implications, Considerations And Challenges For Pharmacists” sponsored by SPPU, Pune and organized by Pravara Rural Education Society’s, College of Pharmacy (For Women) Chincholi, Nashik on 27<sup>th</sup> January 2018.

### **ABOUT SOCIETY**

Humble farmer by birth Late Padmashri Dr. Vitthalrao Vikhe Patil was an institution in himself who pioneered the first co-operative sugar factory in Asia. He considered “Co-operative Movement” as a tool for social, education and economical upliftment of rural masses. With this idea he established “Pravara Education Society” in 1964. To realize the visionary thoughts of “Padmashri” his worthy son Late Padmabhushan Shri Balasaheb Vikhe Patil, Ex-Union Minister for Heavy Industries and Public Enterprises, has started number of institutes in rural areas in the field of Pharmacy, Engineering, Technology and Medical Sciences. Presently more than 40,000 students are studying in these institutes. Out of which more than 5,000 girls students are residing in hostel with social security and atmosphere conducive for studies.

The society has been awarded as Best Education Society in Maharashtra and also certified by ISO 9001-2000. The institute is thus fortunately blessed by dynamic and pragmatic leadership of Hon’ble Chairman Shri. Radhakrishna Vikhe Patil, Opposition Leader, Govt. of Maharashtra to equip them with infrastructure and with modern methods of governance.

### **ABOUT INSTITUTE**

Our institute was started in the year 2006, College of Pharmacy (For Women), has achieved the status of centre for excellence within a short span of time.

The college is affiliated to Savitribai Phule Pune University, Pune and approved by AICTE and PCI. Empowerment of women through education has been the single-minded mission of this college. Today Savitribai Phule Pune University has become a symbol of excellence in higher education opportunity. Since the pledge of the college is to impart excellent education and training to the student, there is a perpetual attempt to attain higher levels of quality. Besides having highly qualified faculty with rich academic and industrial experience, the college has a well-designed infrastructure with specious and well equipped laboratories, updated and spacious library and a playground. College has produced and placed around 480 B. Pharmacy and 32 M. Pharmacy fully skilled women pharmacist, catering to healthcare throughout the country. College has perished in the form of publication, research contribution in various 50 National and 26 International Journals. Totally 80 research and review articles cited 254 times since last 4 years, by other researchers which show its importance and output in pharmacy profession.

### **ABOUT SEMINAR**

Pharmacogenomics promises to target treatment to a patient’s genetics profile. It is the study of how genes affect a person’s response to drugs. This relatively new field combines pharmacology (the science of drugs) and genomics (the study of genes and their functions) to develop effective, safe medications and doses that will be tailored to a person’s genetic makeup. Many drugs that are currently available are “one size fits all,” but they don’t work the same way for everyone. It can be difficult to predict who will benefit from a medication, who will not respond at all, and who will experience negative side effects (called adverse drug reactions). Adverse drug reactions are a significant cause of hospitalizations and deaths worldwide. With the knowledge gained from the Human Genome Project, researchers are learning how inherited differences in genes affect the body’s response

These genetic differences will be used to predict whether a medication will be effective for a particular person and to help prevent adverse drug reactions. The main objective of the seminar is as follows;

1. Pharmacogenomics will allow the development of tailored drugs to treat a wide range of health problem.
2. To improve patient outcomes by maximizing efficacy and minimizing toxicity of drug therapy through research, teaching and service focused on genetically-guided drug therapy decision-making, drug discovery and drug development.
3. To study the genetic influences on drug pharmacokinetics and pharmacodynamics.
4. Understand applications of pharmacogenomics in clinical settings.
5. To justify the importance of pharmacogenomics in pharmacy practice.

## **Report on PERSONALITY DEVELOPMENT SCHEME 2017-18**

University of Pune sanctioned a grant for year 2017-18 under personality development scheme to our college total 03 expert lecture on various topics were organized on various subjects for the girls of B. Pharmacy. Arrangement for the lectures was made in the seminar hall. Total 123 students benefited with this workshop on personality development. Students of backward class also benefited with the scheme.

Personality development scheme really help the students by improving their knowledge with various aspects related with them. They are going to achieve their education goals through this knowledge. We really appreciate the efforts taken by the university to organize these events for colleges. The university is routinely taking such efforts for students and releasing the grants for motivating the college to conduct such activity. We thanks to the Vice chancellor, Director Board of student's welfare and their staff members for helping us. This will also improve the teaching skills of the college teachers.

**REGULATORY AND QUALITY ASPECTS  
OF HERBAL DRUGS AND BOTANICALS**

On 27<sup>th</sup> Januray 2017

: Organized by :

Pravara Rural Education Society's  
College of Pharmacy,  
(For Women) Chincholi.

Dear Sir/Madam,

We have the honor to cordially invite you to attend and participate in One day State Level Seminar on "Regulatory and Quality aspects of herbal drugs and botanicals" sponsored by SPPU, Pune and organized by Pravara Rural Education Society's College Of Pharmacy (For Women) Chincholi on 27<sup>th</sup> January 2017.

**About Society :**

Humble farmer by birth Late Padmashri Dr. Vitthalrao Vikhe Patil was an institution in himself who pioneered the first co-operative sugar factory in Asia. He considered "Co-operative Movement" as a tool for social, education and economical upliftment of rural masses. With this idea he established "Pravara Education Society" in 1964. To realize the visionary thoughts of "Padmashri" his worthy son Padmabhushan Shri Balasaheb Vikhe Patil, Ex-Union Minister for Heavy Industries and Public Enterprises, has started number of institutes in rural areas in the field of Pharmacy, Engineering, Technology and Medical Sciences. The society has been awarded as **Best Education Society in Maharashtra** and also certified by ISO 9001-2000.

Society is leading to its pinnacle position, since 2014, under the leadership of young and dynamic **Shri. Dr. Ashok Vikhe Patil**, Executive Chairman, Pravara Rural Education Society, Loni. According to his vision, the most and very important person in the society is student. He created student oriented many projects and facilities to make them most competitive product to serve the nation.

**About Institute :**

**PRES's College of Pharmacy (For Women)** is affiliated to Savitribai Phule Pune University, Pune, approved by AICTE and PCI. Our college is

to provide professional course with a socio-economic demands. College is located in distraction free, peaceful and competitive culture of Pravara Chincholi campus, Nashik on Nashik-Pune Highway, 10 km from Nashik Road. College has produced and placed around **480 B. Pharmacy** and **32 M. Pharmacy** fully skilled women pharmacist, caring healthcare throughout the country. College has perished in the form of publication, research contribution in various 50 National and 26 Foreign Journals. **Totally 76 research and review articles cited 167 times since last 4 years**, by other researchers which show its importance and output in pharmacy profession.

**About Seminar:**

The last few decades have been witness to main streaming of economical, safer, effective, and environment friendly herbal drugs. Most of these herbal drugs have roots in traditional systems of medicines. India has been a historical custodian of such traditional knowledge for centuries. Therefore, today, India is one of the rich sources of herbal medicines and has potential to meet the global demand. The herbal drug market has been rapidly growing due to increasing global interest. However, to utilize this opportunity, there is urgent need for research based scientific development and standards based quality control of herbal drugs, as well as relevant regulatory enforcement.

The main objective of the seminar was to explore, review, and discuss the current research topics in the field of Pharmacognosy and Phytochemistry including botanicals, herbal products, traditional formulations, and other bioactive natural products. The seminar specifically discussed issues related to authentication of natural products and assurance of its quality; establishment of safety; efficacy and quality of herbal drugs and formulation using modern analytical techniques, screening of bioactivity, and toxicology of natural products; and botanicals and standard.

## **Report on PERSONALITY DEVELOPMENT SCHEME 2016-17**

University of Pune sanctioned a grant for year 2016-17 under personality development scheme to our college total 03 expert lecture on various topics were organized on various subjects for the girls of B. Pharmacy. Arrangement for the lectures was made in the seminar hall. Total 60 students benefited with this workshop on personality development. Students of backward class also benefited with the scheme.

Personality development scheme really help the students by improving their knowledge with various aspects related with them. They are going to achieve their education goals through this knowledge. We really appreciate the efforts taken by the university to organize these events for colleges. The university is routinely taking such efforts for students and releasing the grants for motivating the college to conduct such activity. We thanks to the Vice chancellor, Director Board of student's welfare and their staff members for helping us. This will also improve the teaching skills of the college teachers.
