OBJECTIVES OF HOSPITAL VISIT:

- As per the syllabus of Savitribai Phule Pune University students of first year should have a hospital or blood bank visit to enrich their practical knowledge.
- To know the Pharmacy Practices in hospital.

DETAILS OF HOSPITAL VISIT

According to World Health Organisation (WHO), a hospital is defined as an integral part of social and medical organization, the function of which is to provide for the population a complete healthcare, both preventive and curative.

- PRES'S College of pharmacy organized the Hospital visit to **Rural Hospital, Dodi. on 12/03/2021.**
- Students departed from PRES's College of pharmacy at 9.00am and reached to Hospital at 10.00 am.
- **Primary functioning of different** department of hospital were explained to students in brief by **Mr. Rajkumar Anerao.**
- Students were divided in two groups and lead by nursing superintendents **Mrs. V. S. Bodke** and **Mr. Vilas Bodke**, Counsellor.

Students were asked to observe the following aspects of their curriculum:

Healthcare setup: Healthcare services are the services designed to fulfil health-based needs of people / community / population, through various resources available. These are delivered by healthcare system that includes the management of health sector and its organizational structure. Students were explained that majority healthcare services in India are provided by the private sector. The government and the private sector are helping in making healthcare accessible in all areas of India; both rural and urban.

The healthcare system/models in India can be categorized under the following

- Primary Health center
- Community Health Centers. Rural Hospital. District Hospital/ Health Centers, Specialty Hospitals
- Universal Health Insurance programmes
- Private Hospitals, Polyclinics, Nursing Homes and Dispensaries

The hospitals play a major role in maintaining and restoring the health of the community.

The main functions of the hospitals can be listed as follows:

- Restorative Functions Under this the students visited different sections to understand the various activities carried out in the hospital:

- a) Out-Patient Department: here patients were seen taking a token mentioning the doctor name and room number where patient would be treated or sent referral. Here a chart mentioning the rights of the patients was displayed along with other charts giving information about various health schemes and disease.

- b) Diagnostic Activity: It includes the inpatient services involving medical, surgical and other specialties and specific diagnostic procedures. In the Rural hospital, students visited X-ray department, Pathological lab etc.

Students observed sophisticated machine used for sample analysis in civil hospital

- c) Rehabilitative Activities: Those activities include physical, mental and social rehabilitation. In the civil hospital, students were taken to those wards where patients are given counselling regarding HIV, hygiene practices.

- d) **Emergency Services:** It includes emergency services required for dealing with accidents, natural disasters, epidemics, etc. students observed the casualty ward where the emergency patients were treated by the doctors. Student took a tour of a well-equipped ambulance which reaches the patient on dialling 108.

Preventive Functions

The Rural hospital also carries out various preventive functions which include the following:

- a. Supervision of normal pregnancies and childbirth
- b. Supervision of normal growth and development of children
- c. Control of communicable diseases
- d. Prevention of prolonged illness
- e. Provision of health education services
- f. Preventive health check-up

Intensive care unit was visited at the last. Here various protocols were displayed to stabilise patients of respiratory problems, seizures and snake bite etc. Biomedical waste management protocols along with coloured bins were placed in every ward.

Outcome of the visit:

Students could learn about set up of the hospital in government sector. Various healths related protocols were explained. Ward setup for patients was observed and how the nurses were taking details of the patient was also understood. Students could understand various manpower required in the hospital and their roles and responsibilities at various levels.
